If Contractor determines that a valid claim exists, Contractor will repair, re-install, or replace the affected component(s) or Product. If Contractor determines to replace any component(s) or the Product, and such component(s) or the Product, as originally installed, is no longer available, Contractor shall have the right to substitute component(s) or a product designated by Contractor to be of equal quality. Replacement of a component(s) or the Product does not renew the warranty period.

This warranty is granted by Contractor and only materials purchased from and installed by Contractor are covered by this warranty. This warranty assumes normal and reasonable use of Products or components. This warranty does not cover any damage caused by acts of God or any other causes beyond 1-800-USA-HOME.com's control. Tampering with any component(s) or the Product by other than Contractor voids this warranty and Contractor disclaims any liability for any costs or damages with respect to such actions.

In no event shall Contractor be obligated or liable for incidental, special, indirect, or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights which may vary from state to state. If the manufacturer(s) of the Product or components of the Product that you have purchased offer manufacturer warranties, such warranties will be provided to you upon completion of installation. You should read those warranties to understand your rights.
